March 17, 2015

To the Chesterland Fire Department,

Thank you so much for coming to teach our children about fire safety and showing them around the fire truck. It was a wonderful capstone to what they've been learning at church.

For the past eight weeks they have been learning about how God protects us and rescues us in time of need, as well as how our brave heroes like you all can save us from fires and emergencies. We were so glad to have an exciting show-and-tell by your department.

Thank you for serving our community and children, and for your much appreciated visit.

Blessings,

*Pastor Carrie*
